Russell Authors 3rd edition of *The Treasury Managers' Handbook for the Americas*

BOSTON, MA, November 10, 2008 – NLRussell Associates announced that the 3rd edition of *The Treasury Managers' Handbook for the Americas* – 2008-2009 is now available. The handbook was authored by the firm's principal, Nancy Russell, and London-based World Wide Country Profiles (WWCP Limited).

This 274 page essential handbook provides a detailed picture of the different banking, cash management and payment systems in all 22 countries in the Americas. It includes comprehensive country profiles for the 20 countries in Latin America plus Canada and the USA.

Each country profile contains ten sections: introduction, the country's credit risk rating, legal and regulatory features, taxation, banking, payment instruments, payment systems, cash management, electronic banking, trade finance and useful contacts.

The handbook is a valuable tool and 'must have' reference book for treasury and other finance professionals who are developing, benchmarking or enhancing strategies for managing treasury and cash management operations in Latin America.

NLRussell Associates is a cash and treasury management consulting firm which specializes in working with corporations and banks that have operations in the United States and/or Latin America.

To purchase a copy of the handbook, contact NLRussell Associates at 617-247-2664 or www.nlrussellassociates.com.
